DONATIONS ARE NEEDED - Our Dutch Farmstead Survey is the most ambitious project in our Society's history. This is a mostly all-volunteer project but there are expenses to conduct the survey and publish the results.

In addition, we are now located at the Mabee Farm Historic Site. The Farm is building a new education/visitors center. The DBPS archives will be located here as part of a new research library opened to the public. We are responsible for furnishing our section of the library.

Both projects need financial support. Please help by sending a donation to the DBPS, noted "for the Survey Project" or "for DBPS Library" or both if you can. We are a private, non-profit, 501(c)(3) educational organization. Thank you.
